Mr. Nicholas P. Godici
Acting Commissioner of Patents
Patent and trademark Office
Washington, D. C. 20231

Dear Mr. Godici:

I respectfully request that a new class be established for inventions relating to the neural correlates of subjective states.

I respectfully suggest that such a class cover neural correlates for all such states, including the classical five senses (vision, hearing, touch taste and smell) as well as hunger (as distinct from regulation of food intake), and the sensations of pain.

Respectfully,
